

TONNEAU COVER EXTENSION

(2007-2018 WRANGLER JK - WITH REDROCK TONNEAU COVER)

INSTALLATION INSTRUCTIONS

CONTENTS

(1) Tonneau Cover Extension
(5) Button Screws
(5) Screw Caps

TOOLS REQUIRED

Phillips Screwdriver

SKU # J179608

STEP 1

The tonneau cover extension requires the REDROCK Tonneau Cover to be installed to the vehicle (SKU J179607).

Fold the vehicle rear seats into the downward position.

STEP 2

Meet the zippers on the tonneau cover and the tonneau cover extension

STEP 5

Tighten all mounting straps evenly until secure. With the straps secure, use a Phillips screwdriver to fit the (5) button screws into the tonneau cover in order to utilize the button snaps in the tonneau cover extension. Install the (5) screw caps over the button screw threads.

STEP 6

Snap each button to join the tonneau cover and tonneau extension together.

Installation is now complete.

This tonneau cover extension is compatible with the REDROCK Windbreaker.
