

CENTER CONSOLE ORGANIZER

(2016+ TACOMA)

INSTALLATION INSTRUCTIONS

CONTENTS

- (1) Vertical Panel
- (2) Horizontal Panels

TOOLS REQUIRED

- Coarse Sanding Paper (optional)
- Cutters (optional)

STEP 1

Open and clean the vehicle center console. Insert (1) vertical panel in the center console.

Note: Panels are designed to be a tight fit. Trim panels to size if necessary using coarse sanding paper or cutters.

STEP 2

Place the (2) horizontal panels into the slots in the vertical panel, ensuring the panels are in the proper direction using the arrows. Press down until the horizontal panels are flush to the bottom of the center console.

Note: Panels are designed to be a tight fit. Trim panels to size if necessary using coarse sanding paper or cutters.

STEP 3

Installation is now complete.
